**AIM HIGH @ HEPS**
Dear Parents,

You may be aware that next year will be the ‘big year’ for Education. Watch out for the new number plates promoting ‘Victoria – Education State’. Principals around the state have been briefed on the exciting initiative. I have copied the letter from our Minister of Education, below:

**OUR PROMISE TO VICTORIAN PARENTS**

Our 2015-16 Victorian Budget was the single biggest injection of education funding in Victoria’s history, providing almost $4 billion in additional funding to early childhood, schools and training. We are building and upgrading schools and helping families with the costs of uniforms, glasses, camps, excursions and more. We’ve spoken with teachers and principals, kids and families from across Victoria. The message has been clear: our schools are good, but we can make them even better.

The next step is all about helping our kids learn and achieve, giving parents confidence, and giving teachers the resources and skills they need to do what they do best. Our kids deserve the best education system in Australia. Under our plan, every single student in every single government school will be better off. The Andrews Labor Government is providing $747 million in extra funds to deliver great schools for every community and great teaching in every classroom.

We know there’s a link between a child’s social and economic background and how well they do at school — and we want that to change. We are making sure that funding is better targeted to where it’s needed most, to ensure every child gets the support they need to be their best.

In a world-leading initiative, Victorian students who are falling behind will get additional support in secondary school, giving them the individual, tailored attention they need to overcome persistent learning challenges. We are holding ourselves to account by setting ambitious targets for the Education State. Over the next 10 years, we want to see significant improvements in what and how our kids are learning. Not just in their academic pursuits, but in their resilience, in their creativity and in their health and wellbeing. Parents can have confidence that every child will get every chance to achieve their potential and learn the skills they need for their future.

We will make sure we are giving our kids the education that industries will need, and the skills that employers will expect them to have.

The jobs of the future will come from ideas and knowledge, and we need to support our kids to be smarter, more creative and well-rounded than ever before.

Lifting student achievement also means letting our passionate and talented principals, teachers and education support staff do the job they are best qualified for — teaching our students and leading our schools. We’ll ensure they get the resources, tools and networks they need to improve their teaching and support our students to be their best.

We’re not stopping here. We have the reviews into school funding and the Program for Students with Disabilities as well as significant work underway in the early childhood and skills and training sectors. We promised to make Victoria the Education State and with ambitious targets, new funding and a state-wide reform agenda, we’re getting on with it.

**The Hon James Merlino MP Deputy Premier Minister for Education**

HEPS is achieving exceptional outcomes which does impact on the amount of funding. We have been given $18,000 as Equity Funding for 2016.
WHERE DOES THE TIME GO?

Here we are in week six which means only 5 weeks before we farewell our students after another year of learning. Christmas decorations are the feature at shopping centres and I’m sure many of you are on the cusp of putting up your Christmas trees and decorating the house! Please keep calm and enjoy one day at a time as we try to meet deadlines and stay sane.

You will receive the Parent payments notice for 2016 shortly. A draft was provided to School Council on Monday for approval; the council has made recommendations which we are currently addressing. Once the document has been approved we will forward to you directly so that you can start planning and making payments. I appreciate your patience and understanding in this matter.
GREAT ACCOMPLISHMENTS
We continue to ‘Aim High’ as this is yet again highlighted by the success of our two basketball teams, Future Stars and Junior Future Stars who will participate in the State finals next week.

Level 2C, Mrs Courtney, Mrs May and Mrs Wallace will take the boys to the Botanic Gardens on Thursday 26th November to participate in the 38th Annual Victorian Schools Garden Awards. We are the winners of this year’s Regional Awards and have the chance to win a Category Award, State Award or Kevin Heinze Perpetual Award.

As you know 16 of our terrific student leaders supported the Maroondah Council Bee information stall recently supported by members of our school council. The students were outstanding role models for HEPS; I would like to share a comment passed onto me by a visitor to the stall.

‘Dear Kitty,
My wife, Sarah and I had the wonderful pleasure of meeting one of your students, Jay, at the Maroondah Festival yesterday. Jay invited us into the Heathmont East display about the importance of bee’s. He was very well spoken, confident, and was able to answer the questions we had about the bees and the schools connection to them. We were also impressed with the exhibit and our son really enjoyed looking at the bee’s and the keepers outfit.
If you could please pass on our thanks to Jay for his time and please let him know how much we enjoyed his knowledge.
Regards,
Neil and Sarah’

ADDRESSING CHILDREN AND YOUNG PEOPLES’ RESPONSES IN RELATION TO TRAUMATIC EVENTS

Are your children anxious about what they see in current affairs and news reports? The Department has developed some advice about how you can help discuss concerning events with your children.

Advice for Parents addressing children and young peoples’ responses in relation to traumatic events

Children and young people will have seen and heard about the terrorist attacks that occurred in Paris on Friday 13 November 2015.

The authorities in France and countries around the world will help to support the people who have been impacted by this event.

Children often worry and know more than we realise. Adults may assume that children are doing okay if they don’t talk or ask questions about what has happened. Sometimes they have questions they may not ask unless we provide the opportunity.

It is wise for you to monitor your child's exposure to television coverage, print media and social media. Some children and young people will want to talk about the tragic events and try to make sense of what they have both seen and heard. Other children will avoid any discussion around the events and will be reassured by routine and normality.

Remember the importance of routine, sleep, exercise and healthy eating.

There is a range of things you can do to assist your child during events such as this, including:

- Acknowledge that the event was distressing
- Reassure children that they are safe
- Look for signs of distress (e.g. some children/young people might be scared)
- Normalise responses - typical response will range from anger to general upset or sadness
- Maintain a normal routine - keeping the structure at home or at school in place
- Allow children to express feelings as they arise
- Telling stories about how people manage during difficult times can be helpful.
- Separate fact from fiction e.g. children may express fears about unrelated events.
- Plan relaxing activities before bed – talk your child through a gentle relaxation, this might include using
soothing music and talking them through relaxing tension in their body or simply reading something to them that induces relaxation (i.e. a favourite book).
Speak in hopeful terms – children and young people will often take their cues from their parents’ reactions; if you are honest, calm, compassionate and open they will be much more able to trust that they will be okay. Always remember the value of doing something with children that they like to do such as playing, exercising, being outdoors - have a time during your day to share time with your child.

Kind regards,

Kitty Allard.
Principal.

I would like to send out a huge thank you to all of the wonderful people, both parents and students, who came to help at the Working Bee on Saturday, 14th November. It was an effective morning of hard work and good fun... with a delicious morning tea to follow! With the help of our great HEPS community, we were able to move towards completing the Japanese garden, cut back many of the trees and shrubs, top up sand and soil, paint, weed, trim and clean various areas of the school.

Thank you again to those dedicated people who came to help, it was much appreciated!

H.E.P.S. Junior School Council Breakfast
Tuesday 24th November 2015

Dear Parents,
The 2015 Junior School Council representatives are invited to celebrate and reflect on a fabulous year at H.E.P.S.
We have been very busy with many special events throughout the year: attending the ANZAC Day service in Ringwood, re-designing the ‘Student of the Week’ certificate, assisting with ‘Crazy Hair Day’, contributing towards preparation for the 2016 Fete and joining in on the fun with ‘Fashions on the Field’. What a busy and successful year, we think it’s time to celebrate!

To acknowledge the fantastic job all of our J.S.C. representatives have accomplished, we would like to host a breakfast to share our favourite moments from the year.

Breakfast will be served in the staffroom at 8.15 am and will include delicious food including pancakes, toast, jam, vegemite, fruit and juice.

*Please notify us before the day of any dietary requirements.*

We look forward to celebrating with the team!

Kind regards,

Emma Cody and Rhandi Arthur
For the first 4 weeks of this term, 7 Mentors from Grade 5 and 6 have been spending time each week for an hour with 7 Buddies from Prep to Grade 4. The Mentors’ job has been to encourage self confidence in their Buddy through working “one on one” in art/craft, cooking, board games and other social skill focused games. Each week I met with the 7 Mentors to ascertain how well each of them was meeting his goals as a Mentor. As they shared their experiences of trying to lead and inspire a younger student to believe in himself, they learnt the skills of leadership and selflessness from one another.

Some of their comments:

1. “It’s quite hard to think of my buddy all the time.
2. I put myself first sometimes, but I got better at it.
3. I had to work to get my buddy to listen.
4. It’s easy to do it yourself. I had to learn to let my buddy do it.
5. It’s fun to get to know him and do things with him.
6. I had to work to get my buddy to talk.
7. This helps me to be a role model.
8. I have to remember to say only positive things to my buddy.
9. I’m trying to make him feel good about himself.
10. I feel good when I help him.”
