

Level 5 iPad Program

Dear Parents,

As you know we are excited about the introduction of the iPad 'as a tool to support learning' at HEPS. Students may bring their iPads to school commencing day 1, Monday 13th April, in Term 2. Those students who do not bring an iPad will have access to the school's iPads. Students will also continue to access and use other digital devices such as desktops, laptops and notebooks.

Please ensure your child's iPad Agreement has been returned by the start of the program.

Here's wishing you a Happy Easter and a relaxing time together with friends and family.

Kind regards,

Kitty Allard

Principal
